SYAMILI K

Odoo/Python Developer | Calicut, India
Email | LinkedIn | GitHub

SUMMARY

Passionate and detail-oriented Odoo/Python Developer with 4+ years of hands-on experience designing, developing and implementing customized Odoo modules and solutions.

Proficient in Python and adept at leveraging the Odoo framework to optimize business processes across sales, inventory, manufacturing, accounting, POS, website and HR, working with clients in the US and Europe.

KEY HIGHLIGHTS

- **Version Migrations:** Migrated production systems to Odoo 16 (Averigo) and Odoo 16 to 19 (InterVlag), and ported apps across Odoo 13 to 19.
- **Shipping Integrations:** Integrated FedEx REST, DHL Parcel and Sendcloud for labels, combined shipments and weekly deliveries.
- **Inventory & Manufacturing:** Built warehouse PWA, supplier and multistation React apps, plus inventory reconciliation and work-order costing checks.
- **Barcode & Devices:** Delivered ZPL barcode labels, QZ Tray printing and ZK biometric attendance integration.
- **Sales, Invoicing & Reports:** Customized sale order flows, invoice and PDF templates, tax handling and client-specific reports.
- **Quality & Support:** Tested and documented Odoo 19 workflows, fixed an EDI security vulnerability and resolved customer-care tickets.

TECHNICAL SKILLS

Languages: Python, JavaScript, XML, SQL
Frameworks & Tools: Odoo Framework, Git / GitHub, PostgreSQL, PyCharm, Jira, Postman
Libraries: Pandas, NumPy, Requests
Integrations & Domains: REST APIs, FedEx, DHL, Sendcloud, ZK Biometric, ZPL / QZ Tray, React, PWA, Sales, Inventory, Manufacturing, Accounting, POS, HR

EXPERIENCE

Python/Odoo Developer at Cybrosys Technologies, Calicut · Feb 2023 - Present

InterVlag May 2025 - Present

Odoo 16 to Odoo 19 migration, shipping integrations and warehouse apps

Python, Odoo 16 / 19, JavaScript, React, PostgreSQL, XML

- Migrated data and custom modules from Odoo 16 to Odoo 19 with migration scripts for contacts, product images, purchase orders, batch transfers, intercompany transactions, helpdesk and sales reports
- Integrated shipping carriers: FedEx REST migration, DHL Parcel, Sendcloud API, shipping labels, combined shipments and fixed weekly delivery
- Developed the Warehouse PWA, Supplier app and Multistation React app for manufacturing work orders, covering time tracking, scrap and partial flows, and valuation versus cost-analysis checks
- Customized sales, delivery and invoicing: sale order approval flow, route rules, invoice frequency, pro forma invoice template, return delivery orders, reservation and wrong-invoice fixes
- Set up QZ Tray printing for production batches, fixed an EDI security vulnerability, and tested and documented the Odoo 19 website and workflows

Cirrus ERP Feb 2025 - May 2025

Attendance, barcode and reporting customizations (Odoo 18)

Python, Odoo 18, JavaScript, ZPL, XML

- Integrated a ZK biometric attendance device with Odoo HR and added attendance colour coding
- Built barcode label printing (including ZPL), label quantity handling and barcode app receipts
- Customized the Customer Follow-up Statement report and tax report output to client formats
- Fixed the replenishment warning issue and supported accounting and certificate renewal tasks

Averigo - GrabScanGo (GSG) Oct 2023 - Jan 2025

Odoo 16 migration, inventory reconciliation and sales/purchase workflows

Python, Odoo 16, JavaScript, REST API, PostgreSQL, XML

- Migrated Averigo to Odoo 16, including API migration, cart product verification and testing of the apps on the server
- Handled Vendsys inventory reconciliation and local inventory management in Odoo, including end-quantity fixes
- Customized sale order and purchase order flows: PDF templates, action buttons, warnings, UoM, zero-price and discount bugs, and processing 80+ products per order
- Restructured the receive order queue, updated product master cost fields and the product cost change report, and standardized label formats
- Resolved tax, invoice and portal issues, UPC scan failure logging, and the GSG terminal app script, plus customer-care tickets

Odoo Apps & Themes (Internal) Mar 2023 - Sep 2023

Module development and version migration for the Cybrosys app store

Python, JavaScript, OWL / QWeb, CSS, XML

- Developed and migrated Odoo apps across versions 13 to 19, for example one2many search, offline attendance with auto sync, package split, contact birthday greetings, UPCitemdb integration and POS receipt designs
- Built connectors and integrations such as Xero, Monday.com, Google Tasks and a REST API module
- Wrote technical blogs, handled customer email support and carried out Flutter R&D

EDUCATION

Calicut University AL-Ameen Engineering College, Shoranur

B.Tech in Electronics and Communication Engineering *2015 - 2018*

Board of Technical Education Govt. Women's Polytechnic College, Kottakkal

Diploma in Electronics Engineering *2012 - 2015*
